

ALL YOU WANT TO KNOW

Key of D

1 5 1
You spread a pack of Tarot cards --- and try so hard to learn the truth within
1 5 1
And you stare down at the lines upon your palm --- and you wonder what they mean
6- 1
Perhaps with just a crystal ball you could see it all before you now
1 5 1
Perhaps if you could read the stars --- you could find out where you're really bound

4 1
AND ALL ----- YOU WANT TO KNOW
5 1
IS WHERE YOU'VE BEEN --- AND WHERE YOU'RE GOING
4 1
YES ALL ----- YOU WANT TO KNOW
5 1
IS IF YOU'RE DYING --- OR IF YOU'RE GROWING

1 5 1
Philosophies are just opinions --- no one man can claim to know the truth
1 5 1
Religions tell you not to question --- faith is all you need to see you through
6- 1
So you try to draw the line between blind faith and superstition if you can
1 5 1
While your life seems like an hourglass --- and the upper half is running out of sand

CHORUS

1 5 1
So you tell yourself it's up to you --- there's no one else that you can really trust
1 5 1
And you spend your life accumulating objects --- that'll one day turn to dust
6- 1
And all the time you envy those believers that you've never understood
1 5 1
For you want to know there's something more --- something you'd believe in if you could

CHORUS
