

FAIRER THAN THE SUNSET

C F C
On a cold and grey November on an old and rainy day
C G C
In London town a baby girl was born
C F C
Never knew her father for he'd left and gone away
C G C
Leaving her mother all forlorn

C F C
So they took her to an orphanage with strangers all around
C G C
And everyday she felt so all alone
C F C
With no brothers and no sisters and no mother to be found
C G C
She longed to have a family of her own

C F C
AND SHE'S -- FAIRER THAN THE SUNSET AND SHE'S GENTLE AS THE MOON
C G C
BRAVE AS ANY STAR UP IN THE SKY
C F C
AND SHE'S -- BRIGHTER THAN THE SUNSHINE ON A SUMMER'S AFTERNOON
C G C
SHE'S THE VERY APPLE OF MY EYE

C F C
The first time that I saw her I was feeling butterflies
C G C
Wondering if it would be alright
C F C
But I only had to look again and see those child-like eyes
C G C
To know that it was love at second sight

C F C
Now I see her in the countryside so natural and so free
C G C
Every day a new thing to explore
C F C
And I see her from a distance as she's running back to me
C G C
And I know I couldn't love her any more
