

FAIRER THAN THE SUNSET

(Capo 3rd – ie in Bb)

G C G
On a cold and grey November on an old and rainy day
G D G
In London town a baby girl was born
G C G
Never knew her father for he'd left and gone away
G D G
Leaving her mother all forlorn

G C G
So they took her to an orphanage with strangers all around
G D G
And everyday she felt so all alone
G C G
With no brothers and no sisters and no mother to be found
G D G
She longed to have a family of her own

G C G
AND SHE'S -- FAIRER THAN THE SUNSET AND SHE'S -- GENTLE AS THE MOON
G D G
BRAVE AS ANY STAR UP IN THE SKY
G C G
AND SHE'S -- BRIGHTER THAN THE SUNSHINE ON A SUMMER'S AFTERNOON
G D G
SHE'S THE VERY APPLE OF MY EYE

G C G
The first time that I saw her I was feeling butterflies
G D G
Wondering if it would be alright
G C G
But I only had to look again and see those child-like eyes
G D G
To know that it was love at second sight

G C G
Now I see her in the countryside so natural and so free
G D G
Every day a new thing to explore
G C G
And I see her from a distance as she's running back to me
G D G
And I know I couldn't love her any more
