

Fly like a Swallow

(Capo 3 – ie in Cm)

Am C G Am
You live in the shadow of happier times
C G C
Feelings that won't go away
F C E
Long summer evenings together keep flooding your mind
Am C G Am
You made your choice and you know it was right
C G C
But part of you still feels the pain
F C E
Now all you want is to leave that memory behind

C G C
And - fly like a swallow --- fly like the wind
F C G
Fly like you'll never return
F C G Am
Heartache and sorrow will no longer be your concern --- anymore

Am C G Am
You walk through the forest and down to the shore
C G C
The reservoir still looks the same
F C E
Sailing boats gliding and motor boats buzzing like flies
Am C G Am
And the heat from the rocks is as hot as before
C G C
As you sit and stare at the bay
F C E
Wondering what might have been till the tears fill your eyes

C G C
And - fly like a swallow --- fly like the wind
F C G
Fly like you'll never return
F C G
Heartache and sorrow will no longer be your concern
F C G
Heartache and sorrow will no longer be your concern
