

IF YOU JUST KNEW

(Key of A)

1 5 1
-- I've heard a rumour that you're leaving --- and I got no right to be surprised

1 5 1
-- For I seen you staring out the window --- with a faraway look in your eyes

4 1
And I'm feeling down and I'm feeling low

5
For I don't know what to do if you should go

4 1
You've been by my early morning sun and every thing I've ever done

5 1
I did for you ----- if you just knew

1 5 1
-- And I've been walking in the moonlight --- I've been standing in the rain

1 5 1
-- Wond'ring how I'll ever cope without you --- wond'ring if I'll ever love again

CHORUS

1 5 1
-- You only think about the good times --- when the good times all are gone

1 5 1
-- Seems like every day was summer --- and every day the sunlight shone

CHORUS

1 5 1
-- If y'only knew how much it hurts me --- when I see you turn and walk away

1 5 1

-- You say we never did much talking --- now we've got nothing left to say

CHORUS
