

LAST LEAVES OF AUTUMN

Bb  
Over the meadow -- the dark gathers round  
Eb Bb  
As the sun ----- is slowly sinking  
Bb  
And I watch as the shadows -- fade on the ground  
Eb Bb  
Like the memories ----- I've been thinking  
F Eb Bb  
Memories of you and me -- I'm trying so hard to retain  
Fm Eb Bb  
Now the feeling of being in your arms -- I will never know again

Bb  
The light has been taken -- from all I held dear  
Eb Bb  
Now I stare ----- at a cold lonely winter  
Bb  
All that I dreamed of -- and all that we shared  
Eb Bb  
Has been crushed ----- into splinters  
F Eb Bb  
And a feeling of loss -- and confusion is all that remains  
Fm Eb Bb  
As I try to remember a life -- I will never know again

*(INSTRUMENTAL)*

Bb  
The last leaves of Autumn -- fall to the ground  
Eb Bb  
As the branches ----- keep on swaying  
Bb  
And I watch as the cruel wind -- blows them around  
Eb Bb  
Now they're parched ----- and decaying  
F Eb Bb  
And the trees are left naked -- exposed to the wind and the rain  
Fm Eb Bb  
Left like the love that we shared -- and will never share again
