

## Snowdrop

*(Key of A)*

1  
Snowdrop growing boldly in the snow  
4 1  
Seems like you know something I don't know  
5 1  
Everywhere I look around there's dead leaves lying on the ground  
5 1  
But snowdrop you've got petals all aglow

1  
Snowdrop you don't live a life of greed  
4 1  
You don't let it bother you like me  
5 1  
You can never leave this place but you've got such a peaceful face  
5 1  
Snowdrop you've got everything you need

5 1  
**Snow – drop – in a small - crop**  
5 1  
**Of flowers growing freely by the road**  
5 1  
**Snow – drop how come you don't - stop**  
5 1  
**Blooming when the ground is thick with snow**

1  
Snowdrop you defy the wind and cold  
4 1  
You don't mind it's out of your control  
5 1  
When skies are grey and trees are brown you don't let it get you down  
5 1  
Snowdrop you've got such a gentle soul

### **(Chorus)**

1  
Snowdrop you're a real friend to me  
4 1  
You show me the way it's meant to be  
5 1  
All our life we search for more not knowing what we're searching for  
5 1  
Snowdrop only you are really free

### **(Chorus)**
