STEEL GREY

E A
I been thinking about old times
E A
When you and me were in our prime
C D
Driving down the coastal road with vineyards all around
C D E
It seemed like we were floating seven inches off the ground – off the ground

E A
We would picnic by the sea
E A
An empty beach just you and me
C D
A cold Sancerre and a hot baguette with garlic mayonnaise
C D E
The world it was our oyster in those balmy summer days – what happy days

C#m B
Then it seems the autumn came and it blew our dreams away
C#m B
Everything was scattered in the cool light of the day
C
But I still think about you now
D E
And all the things you used to say to me

(Instrumental verse)

E A
There was sunshine in your eyes
E A
The day we said our last goodbyes
C D
I put you in a taxi and I watched it drive away
C D E
I felt a spot of rainfall as the sky turned steel grey – steel grey

(Instrumental verse)
