

A Train Bound For Nowhere

(Capo 1 – ie in C#)

/G /Dm7 /C /C7
She left me on a train bound for nowhere
/F /F#° /C /G.
And I watched it leave the station as it rolled on out of sight
/F /C° /C /A7
By the time I found my way back to the carpark
/Dm7 /G /G7 /C – C7
The sky had clouded over as the day had turned to night

/F /F /Cmaj7 /C7
And it seems as though the summer time has ended
/F /F#° /C /G
And I wonder if I'll ever get to see that time again
/F /C° /C /A7
So many plans are scattered by the wayside
/Dm7 /G /G7 /C
I guess you never really know what's coming round the bend

/G /Dm7 /C /C7
I take an evening walk along the cliff top
/F /F#° /C /G
With thoughts of how it used to be still running through my head
/F /C° /C /A7
I stare out at the rocks along on the shoreline
/Dm7 /G /G7 /C – C7
And I think about her going and the last few words she said

Chorus

/G /Dm7 /C /C7
But you don't know what you've got until its squandered
/F /F#° /C /G
Then all you have is heartaches and feelings of regret
/F /C° /C /A7
You tell yourself you're going to have to move on
/Dm7 /G /G7 /C – C7
But your heart is filled with memories you'd just as soon forget

Chorus
