

WAY OUT OF TIME

D A D
-- Now the party's all over ---- and the people all gone
G D A -- D
Just a room full of glasses and us all alone
(D) A D
-- No need for pretending ---- no need for disguise
G D A
But for just a while longer won't you keep up those lies
G D
Like saying you love me ---- when you know it's untrue
G D A D
-- Like saying we're happy when we're both feeling blue --- we're both feeling blue

D A D
-- It's a fire that burned out ---- a long time ago
G D A -- D
But for just a while longer let's pretend we don't know
(D) A D
-- I think of the old days ---- with that light in your eyes
G D A
Whatever destroyed that I can only despise
G D
Is it really too late now --- to try once again
G D A D
-- Don't say you don't want to be more than a friend --- no more than a friend

D A D
-- I wish I could show you ---- the way it could be
G D A -- D
I wish you could know ---- how you mattered to me
(D) A D
-- But I guess in the morning ---- it'll all be the same
G D A
And this won't seem like more than just playing a game
G D
Playing for nickels ---- just playing for dimes
G D A D
-- Just playing a game when you're way out of time --- you're way out of time
