

A WING AND A PRAYER

G C G
Cruising down that ---- lonesome highway ---- bound for Mexico
G C G
DJ playing ---- country music ---- midnight radio
D G C G D
moon is shining in my eyes ---- the wind is in my hair
G C G
lost that girl on the ---- roll of the dice
G D G
now I'm riding on a wing and a prayer

G C G
Long ago when ---- I was single ---- I would play for fun
G C G
then I learned to ---- play for money ---- that's when it all begun
D G C G D
if luck had just been on my side ---- I'd be a millionaire
G C G
now I'm riding through this ---- countryside
G D G
riding on a wing and a prayer

(VERSE - INSTRUMENTAL)

G C G
Make your mind up ---- make your choice now ---- she declared one day
G C G
either quit that ---- damn casino ---- or I'll be on my way
D G C G D
now she's gone and I'm alone ---- with not a dime to spare
G C G
and I'm driving though this ---- Twilight Zone
G D G
riding on a wing and a prayer
